

UPDATES

Nov-2020

After the turbulent presidency of Donald Trump which saw America isolate itself which consequently resulted in an economic slow down as well as the waning of American influence as a global superpower. In light of this America has voted for liberal democratic outsider Mr Kennedy III who has promised to rebuild diplomatic relations and re-establishing the United States of America as yet again a global leader.

Dec- 2020

Rahul Castro after finding himself unfit to carry on as president due to health concerns appoints in a shock move his daughter Mariela Castro to succeed him. Mariela Castro, quite the liberalist, uses this opportunity to privatise many of the still remaining state owned enterprise, further utilising BREXIT to engage in a backroom deal to lease oil rights of newly found oil fields surrounding Cuba to BP.

March- 2021

Mariela Castro falls ill and some of the establishment in an aims to prevent instability and ensure continuity rush and a point political unknown son of Fidel Castro, Alejandro Castro.

America in an attempt to build new diplomatic and political relations reaches out to Cuba with an Exclusive Economic Agreement, stating expecially that American firms will have frist rights to the privatisation of State owned industries including the newly found oil fields. Aparanetly oblivious to the backroom dealings with the UK the Cuban president agrees.

April- 2021

This lead to the UK proclaiming it's disgust at the manner in which the USA and Cuba have gone about this treacherous agreement. Has now further gone and deployed it's fleet into these waters to protect BP assets as a reaffirmation of the lease agreement.

This has now lead to a situation similar to that of the Suez Crisis. With tensions on all sides reaching a climax

May-2021

Alejandro Castro is assassinated.

Instability heightens as now the old establishment regain control in the form of an interim government. They have abandoned both agreements and called for the nationalisation of these newly privatised industries.

The Cuban people who've at resent begun a shit towards liberalism outraged have begun to protest. With small factions taking up arms against the establishment and the establishment controlled army.

June- 2021

There are unconfirmed reports of USA funding, training and arming these rebel forces.

The Cuban government has now engaged in a status of force agreement with Russia to assist in the protection of Cuban intrest against these rebel factions.

The UK still with its fleet in the area has not stated an action but has claimed that it understands the issues of a forgein entity domination domestic politics but will do what is necessary in order to protect British interests.

July-2021

The break out of a Cuban Civil war
